

THIBAUT GÉRARD MICHEL ADELINÉ

Visual Designer | Brand Identity & UX/UI Design

Portfolio: thibaultadeline.online

thibault.adeline2@gmail.com • +54 9 351 330-5622 • Córdoba, Argentina

Professional Profile

Self-taught visual designer focused on brand identity and UX/UI design, creating visual systems, responsive interfaces and digital brand experiences.

My work combines structured layouts, editorial-inspired composition and usability-focused design, supported by hands-on experience with WordPress and front-end fundamentals.

Before moving into design, I worked in completely different environments and customer-facing roles. This background shaped an adaptable approach to learning, problem-solving and developing new skills through practical experience.

Experience

Freelance Visual Designer | Remote

Freelance & Independent Projects | 2024–Present

- Produced branding work for local businesses.
- Developed logos and visual identity systems, including typography, color palettes and brand guidelines.
- Produced graphic assets for digital and print applications.
- Designed responsive interfaces and prototypes focused on usability and visual clarity.
- Built and customized websites using WordPress and front-end fundamentals, including a personal portfolio website.

Receptionist
